

December 2013 Curriculum Update:

The Board's work on the curriculum is complete and it is now in the hands of the curriculum developer for finalization and printing. We still anticipate it being shipped in January.

Keep an eye out for it! It is being shipped to the official mailing address in your CPS Online profile with Safe Kids Certification. The distributor of the curriculum already has the mailing list so if it is outdated, please ask someone at that address to be ready to forward it to you.

Your materials include a DVD and Instructor Guide (manual). If you do not have a DVD player, you will be able to purchase the curriculum on a USB drive from Safe Kids Certification.
