FOR RELEASE: February 18, 2014

Contact: Amy Heinzen, National Child Passenger Safety Board Secretariat,
Amy.Heinzen@nsc.org

The National Child Passenger Safety Board (NCPSB) is proud to announce the addition of Joshua DeFisher as a representative for the Governor's Highway Safety Association (GHSA). Mr. DeFisher has worked as a Highway Safety Specialist with the North Carolina Governor's Highway Program (GHSP) since April of 2011. He currently fills the role as the Occupant Protection Programs Coordinator in the Highway Safety Office. Mr. DeFisher first became a certified Child Passenger Safety Technician (CPST) in 2011 and currently serves on the North Carolina Child Passenger Safety Training Executive Committee.

Mr. DeFisher has always had a passion for the health and welfare of children. After graduating college he started his career as a fifth grade teacher. Mr. DeFisher's interest in child passenger safety (CPS) began in 2011. During that year, he embraced the role of becoming a new parent and started a new career in highway safety. As Mr. DeFisher leapt into the child passenger safety world in North Carolina, the passion and commitment of those involved in the program became infectious. Day in and day out people across the state dedicate their abilities for the well-being of others. Mr. DeFisher enjoys working with the many partners in the state that help make North Carolina's occupant protection programs and initiatives a success!

The mission of the National Child Passenger Safety Board is to maintain the quality and integrity of the national Child Passenger Safety Certification Training Program. This program is used to train and certify child passenger safety technicians and instructors. The Board welcomes Mr. Joshua DeFisher as a valued addition!

For more information about child passenger safety or the National CPS Board, please visit the Board's website at www.cpsboard.org.
