FOR RELEASE: February 10, 2014

Contact: Amy Heinzen, National Child Passenger Safety Board Secretariat,
Amy.Heinzen@nsc.org

The National Child Passenger Safety Board is proud to announce the addition of Angela Brown, as the Board's newest Diversity representative for the 2014-2016 term. Ms. Brown has worked in the injury prevention/child passenger safety field since graduating college in 2004. Currently, Brown is the Program Manager for the Tennessee Child Passenger Safety Center at Meharry Medical College in Nashville, TN, where she has worked since 2008.

Brown's interest in child passenger safety began with volunteer work in 2003 for Safe Kids Mississippi while she was in college. Later, Brown became the Outreach Coordinator for Safe Kids Mississippi. Brown has been a nationally certified Child Passenger Safety Technician (CPST) since 2004 and a Child Passenger Safety Technician Instructor (CPST-I) since 2005. Since becoming a Child Passenger Safety Technician Instructor, Brown has certified thousands of individuals as CPSTs. She has been recognized with the Tennessee LifeSavers Award that recognizes the efforts of individuals making significant contributions to traffic safety in their communities and demonstrate safe driving behaviors.

The mission of the National Child Passenger Safety Board is to maintain the quality and integrity of the national Child Passenger Safety Certification Training Program. This program is used to train and certify child passenger safety technicians and instructors. The Board welcomes Ms. Angela Brown as a valued addition!

For more information about child passenger safety or the National CPS Board, please visit the Board's website at www.cpsboard.org.
