Moving forward, instructor emails might not be sent every month. Initially, when the updated National Child Passenger Safety Technician Certification Program was introduced in March 2014, instructor emails served as a means to communicate to all Instructors and Instructor Candidates for information sharing about the curriculum and as updates were made. Entering 2016, these emails will be sent as relevant needs arise. Please continue to email the National Child Passenger Safety Board with any questions or concerns at Secretariat@cpsboard.org.

Thank you again. We wish each of you a very happy, healthy and safe holiday season!
