Why is Personally Identifiable Information (PII) or local level information not collected on the NDCF?
- The NDCF is a tool to assist CPSTs in collecting data on the car seats they inspect. Respecting the privacy rights of caregivers, demographic PII including name, address, phone number is not collected through the NDCF.

The NDCF will be at KIDZ!
There will be multiple opportunities to learn about the NDCF from technicians and programs that are using the free resource to track seat check and program activity.

**Hold My Clipboard LIVE!**
- Danielle Campbell- Orlando Police Department
- Claire Myer- Maryland Kids In Safety Seats
- Brian Rauscher- Safe Start
- Robert Duckworth- Traffic Safety Division - Director
- Jennifer Hacker-Region 6 CPS Specialist

**Giving Our Data CPR:**
- One Team's Transition to the NDCF
  - Denise Donaldson- Safe Ride News

**More Than a Check Form, It Does So Much More**
- Robert Duckworth- Traffic Safety Division - Director
- Jennifer Hacker-Region 6 CPS Specialist

**Leveraging the National Digital Car Seat Check Form (NDCF) Data**
- Adele Polson- Westat

While technicians have always been data collectors the NDCF has magnified the data collector role. Technicians been actively feeding data into a national system for the past 4 years. What we are learning that it is important that the data collected is consistent, comprehensive, and accurate. Training technicians how to use the NDCF is important, to protect the fidelity of the information.

**Technicians’ Roles**

**NDCF TRAININGS**

Interested in hosting a NDCF orientation training? Contact the NDCF team today, to schedule a training!
