

Child Passenger Safety National Trainings

INTRODUCTORY TRAININGS

cpsboard.org/car-seat-basics

Learn to keep children safe in cars as they grow by completing e-learning modules on car seat, booster seat and seat belt use.

- Free online training
- Completion time: 60 minutes

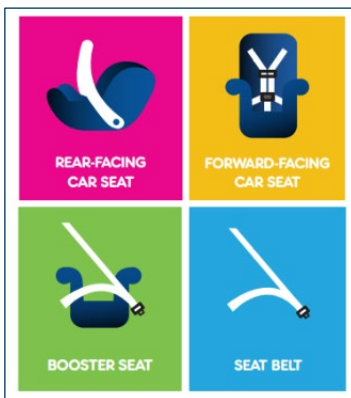

cpsboard.org/heatstroke

This course teaches about the danger of vehicular heatstroke and children, and what can be done to prevent these deaths.

- Free online training
- Completion time: 15 minutes

Group delivery options are available for introductory trainings on the Child Passenger Safety Learning Portal at carseateducation.org. Request group set-up [here](#).

CERTIFICATION TRAINING

Complete in-depth training on the proper use of car seats, booster seats, seat belts and vehicle safety systems.

- Delivery methods: In-person or hybrid with online learning, virtual session and in-person session components
- Completion time: 24-32 hours
- Register at cert.safekids.org

Successful completion results in national certification as a Child Passenger Safety Technician for two years.

cert.safekids.org and cpsboard.org/hybrid
