### *2024 Child Passenger Safety Technician Hybrid Certification Training*

#### Group Admin (Instructor) CPS Learning Portal Tasks

1. Monitor student progress.
2. Approve student assignments.
3. View the Quiz Analysis Report for each written quiz.

#### Monitor Student Progress

1. Log into the [Child Passenger Safety Learning Portal](#).
2. Select the group you want to view.
  - For group admins with only one group in the CPS Learning Portal, the view will default to your group.
  - For group admins with multiple groups in the CPS Learning Portal, use the **Current Group** drop-down list to select a group. The most recent course will be at the top of the list.
3. Once the group has been selected, select the course name to view a list of students in the course and their status.

4. Select the **ellipsis** (3 horizontal dots) next to the student's name you would like to view.
5. Select **View Progress** from the pop-up menu.

## LEARNING PORTAL

- Scroll to view student’s progress by online learning module.
- In the Protected Instructor Materials, refer to the [Quick Reference Guide: Online Learning Percentage Completed](#) to see which online learning modules the student has completed by percentage.

2. In the **Select a Quiz** box, select the quiz you want to review.
  - Once the quiz is selected, the CPS Learning Portal will show results for the selected quiz from all your groups.
  - To view the results for a specific group, hover over the **down arrow** in the select Group box until it becomes an **X** and then select the **X** to clear all groups.
  - To view multiple groups, select the **“X”** next to group names you would like to eliminate from the report.
  - To clear all groups, hover over the down arrow to turn to an **“X”** and select the **“X.”** Then select the group(s) you want to view.

**NOTE:** For the CEUs and *Car Seat Basics*, you can use the pie chart for quick reference of how many people have passed the quiz. It does not work for the *CPST Certification Training* quizzes as it is a cumulative score.

**Change in Admin Status**

When enrolling students into a course in the [Child Passenger Safety Learning Portal](#) , sometimes the group admin’s email will default as the student’s email address. If that happens, a pop-up will alert the group admin that their status will change from group admin to student. Select **cancel** and enter the student’s email address.

## LEARNING PORTAL

If you confirm this change in admin status and reset your status to student, you must contact [training@cpsboard.org](mailto:training@cpsboard.org) to be reset as a group admin in the CPS Learning Portal.

Change in Admin Status

You are about to add a new member using your own email address. If you proceed, your current Group Admin status will be revoked, and you will be turned into a Student for this group. This means you will no longer have access to administer the group, and your admin privileges will be permanently removed.
