

ACTIVITY—FIND CAR SEAT USE INFORMATION

1. Read the following page from a car seat instruction manual and answer the questions.

! DO NOT use car seat if it is damaged or missing parts.

! If car seat is in a crash, it must be replaced. DO NOT use it again! A crash can cause unseen damage and using it again could result in serious injury or death.

! DO NOT use accessories or parts other than those provided by Graco except for a thin towel or mat to protect your vehicle seat or rolled towels or pool noodles to help get your car seat level. Their use could alter the performance of the car seat.

! DO NOT remove lower anchor attachment system from car seat. If using vehicle seat belt to secure car seat, lower anchor attachment connectors must be stored.

! Never leave child unattended, even when sleeping. Child may become tangled in harness straps and suffocate or strangle.

! Rear-facing car seat must be properly leveled:

- Too reclined can result in injury or ejection.
- Too upright can result in breathing difficulties.

! Never attach two lower anchor attachment connectors to one vehicle lower anchor point unless specifically allowed by the vehicle manufacturer.

! Do not use both the vehicle seat belt and lower anchor attachment strap at the same time when using the car seat rear-facing.

1 Important

- a. If this car seat is in a crash, does the manufacturer recommend reusing the car seat?
- b. What accessories does this manufacturer allow?
- c. Can both lower anchors and the seat belt be used to secure this car seat?

2. Use the QR code to discover what videos are available from this manufacturer.

Vehicle Belt Guide For installation **without** base.
